

TK COMMODITIES INC.

Energy, Fuel Logistics & Global Commodities Solutions

UEI: DH79CZ1ZPDA9
CAGE: 06Q77

U.S.-based | Asia |
Middle East | Africa

COMPANY OVERVIEW

TK Commodities Inc. is a U.S.-based energy and commodities company supporting fuel supply, fuel transportation, logistics, market access, and strategic sourcing. The company combines U.S. business standards with regional execution capabilities and established relationships across Asia, the Middle East, and Africa. TK Commodities works with producers, distributors, government customers, prime contractors, and investors seeking dependable, compliant, and commercially practical solutions.

CORE CAPABILITIES

- Petroleum products sourcing, including diesel, gasoline, crude oil, and related fuels
- Bulk fuel transportation, delivery coordination, and logistics support
- Supply-chain planning, market analysis, and commercial risk assessment
- International commodities consulting and brokerage support
- Government and defense contractor support through U.S. registrations and regional partners
- Strategic joint-venture execution in fuel, logistics, steel, equipment, and machinery

DIFFERENTIATORS

- U.S. entity with active federal identifiers and government-contracting orientation
- Leadership experience in complex contracting, logistics, and international operations
- Regional joint-venture and partner network supporting local execution
- Focus on integrity, responsiveness, compliance, and long-term customer relationships
- Ability to connect U.S. standards with practical delivery in challenging markets

MARKETS SERVED

Federal and defense contractors; fuel distributors; refiners and suppliers; logistics operators; industrial companies; commodity buyers and investors; public-sector and infrastructure customers.
